A GLOBAL ARTIST COLLECTIVE.

For over twenty-five years, we've been manufacturing hand-dyed apparel in the quiet town of Marlborough, NH. Nestled in the heart of the Monadnock Region, The Mountain brand has long been known for bold art and a unique style that encourages people to celebrate their individualism and wear their passion.

We are fortunate to work with several very talented artists and are forever grateful that they are a part of The Mountain family. It is our artists that breathe life into our products. We wouldn't be The Mountain without them. That's why we're proud to support our artists by giving back a portion of the proceeds from every product we sell. Because we believe that without art, life would be boring.

Visit us online at <https://www.themountain.com/our-artists> to read more about our artists and what inspires them.

MORE THAN AN APPAREL COMPANY

The Mountain is a global art lifestyle brand that focuses on telling stories by outfitting its customers in unique, bold designs that help project their personalities and passions to the outside world. Through our commitment to quality products, environmentally friendly production and creative self-expression The Mountain has become an iconic brand with zealous fans around the world.

OUR APPAREL IS ANYTHING BUT ORDINARY

PRODUCED RESPONSIBLY Using ecofriendly, water-based inks and organic dyes for a soft touch and a bold statement. With an eye on sustainable manufacturing, our processes are constantly evolving to further protect our precious natural resources.

HAND-DYED and printed by expert artisans in New Hampshire. As such, we recommend washing before wearing with like colors to ensure any excess dye is extracted from the garment before worn.

A WEARABLE MASTERPIECE featuring bold designs we've curated from artists around the world.

IRRESISTIBLY UNIQUE from our infamous Three Wolf Moon to our Big Face phenomenon, The Mountain Brand inspires people to embrace their individualism and wear their passion.

Dye Oxidation System Tech

Our waste dye water before and after.

Our Dye Oxidation System (DOS), purifies our manufacturing process waste water by removing color and additives without the addition of chemicals.

AND COUNTING...**

SPRING/SUMMER 2018

These days more and more people are searching for a way to express themselves. Whether that be through their career choice, their recreational pursuits, or by sharing their life story on social media, people have an innate desire to share their passions with anyone who will listen. The Mountain fulfills this need by providing people with apparel that allows them to project their personalities and passions to the outside world, without saying a word.

This season, we've branched out from apparel and added a curated selection of everyday items and accessories. It may not always be OK to wear your favorite Mountain tee to the office, but you can certainly sport one of our new Mountain Mugs and sip in style while boldly showing your coworkers what you're really all about.

LET'S CELEBRATE INDIVIDUALITY WITH NEW WAYS TO EXPRESS PASSION THROUGH ART.

Smithsonian

The Smithsonian is the world's largest museum and research complex consisting of 19 museums and galleries, the National Zoological Park and 9 global research centers. Inspired by Smithsonian's iconic collections, we're proud to support the educational mission of the Smithsonian for the "increase and diffusion of knowledge."

WHAT IT MEANS TO PURCHASE WITH A PURPOSE

The Mountain has long been a supporter of local causes; donating tees for local events, supporting the grassroots efforts taking place in our corner of the world for the betterment of our community. Over the last several years, we have shifted our focus outward and aligned ourselves with national organizations that echo our principles and strive to make this world a better place for all of us. This year, we are honored to present to you four noble charities that we have been privileged to work with, and are proud to support.

As you peruse our catalog, look for the icons shown below that identify the designs included in each of our Purchase with a Purpose collections. When you purchase any of these designs, a portion of the proceeds from the sale will go directly to the charity associated with that design. This is our small way of giving back and supporting causes that are near and dear to our hearts. We hope you'll take this opportunity to help support and protect our heroes, our children, our pets and our heritage.
